GLYCOCURE

INTENSIVE RENEWING AND RESTORING SYSTEM

At-home
Peel System

GLYCOCURE

INTENSIVE RENEWING AND RESTORING SYSTEM

Transform dull, uneven skin into radiant, visibly rejuvenated skin with **GLYCOCURE**, the at-home dermatological peel system.

GLYCOCURE is the two-step at-home **anti-ageing peel system** that corrects and renews the skin for visible rejuvenation.

STEP 1

INTENSE RENEWAL EXFOLIATING MASK [AHA + BHA]

RENEWING ACTION

ONCE A WEEK

- After the first application, skin tone, texture and hydration are visibly improved.
- After continued use, irregularities appear softened, the skin grain is refined and the complexion attains a more glowing and youthful appearance.

STEP 2

HYDRO-RETEXTURING BOOSTER CONCENTRATE

RENEWING ACTION + RESTORING ACTION

EVERY DAY, MORNING AND/OR EVENING

- Texture and tone improve significantly.
- Wrinkles and expression lines are softened.
- The skin feels deeply hydrated and supple.

INGREDIENTS

GLYCOLIC ACID

System featuring glycolic acid, the most powerful and deepest penetrating of all the alpha-hydroxy acids (AHAs), particularly effective at treating small wrinkles, lack of luminosity or sun-damaged skin.

RENEWING ACTION

- Physical exfoliation: Wax microspheres.
- Chemical exfoliation
 - AHAs: Glycolic, Citric and Tartaric Acids.
 - BHAs: Salicylic Acid.
- Enzymatic exfoliation: Papain and Castanea Sativa Extract.

RESTORING ACTION

- Soothes the skin - Phragmites Kharka Extract
- Treats lipid shortage - Castanea Sativa Extract
- Improves hydration - NMF (Natural Moisturising Factor)
